PLAKA

Plaka (Recommended Shopping Area After Your Tour - Not To Be Missed)
This area was the core of the city during the 19th century. It is an excellent place for wandering around, as cars are not allowed on the walks and alleyways. It is lined with neoclassical houses and is currently being extensively renovated. There are also several ancient sites and various offbeat and enjoyable museums to visit. Shops and restaurants are abundant in this quarter of the city.
